I enjoyed my time at Leon! Met a lot of friends and people from many different backgrounds. The fine arts program, more specifically, the choir and marching band programs, are stellar and I would argue, the best in the state. It's a very old campus and building which gives it its charm but can lead to wifi issues with the brick walls and such. Would totally recommend to any incoming freshie.

My experience at Leon High School cannot be compared to anything else. Leon has made me come out my comfort zone and has allowed me to be myself without any judgement. Everywhere you go someone is always there to make you feel secure and wanted. Leon is a home away from home and i'm truly thankful for the school.

I liked a lot of things, the friends I made there I am living with right now, but some of the teachers just showed how little they care about the students and it saddens me

I really loved attending Leon High school. I have never attended such a diverse school with such great pride. There were clubs and activities fit for everyone and they were always fun. The teachers and faculty at Leon High School are very nice and hardworking. They are always willing to help whenever you need it. There are plenty of resources available such as computer labs, the libraries, and the front office. There are a variety of classes to choose from and decide which one interests you. This school is very diverse. It consists students of many races and all are respected here at Leon

The students are very involved in a variety of clubs and activities and passionate about what they do. There is a range of teachers, from enthusiastic and engaging to apathetic or uninvolved, but the majority are great! Also, the history of the school is amazing.
